

## RECIPROCITY IS NOT POSSIBLE

Vote in House Yesterday Was a Hard Blow for Cuba.

## BEET SUGAR WINS

Not Probable That the Senate Will Accept Amendment Made by House.

## CONGRESS NEXT WEEK

Washington, April 19.—The beet sugar republicans declare today that Cuban reciprocity is dead as a result of the vote in the house Friday, removing differential on refined sugar. They are confident, that in its present shape, the bill will never pass the senate.

The republican insurgents and democrats, in addition are expressing great satisfaction over the victory. They are rejoicing because they made it possible to accentuate the differences in the republican camp. It portends, if nothing else a great contest in the house, if it be republican. Senator Henderson, it may be safely said, will now have a fight for the scepter, if he wants to retain it. Littlefield, of Maine, is mentioned as the most available timber.

Neither Won nor Lost. The battle for Cuban reciprocity is neither won nor lost. It has been transferred from the house to the senate. Leading republican senators say that body will reject the amendment cutting off the differential of 12 1-2 cents a hundred pounds which is the protection of the refiners through importation of marketable sugar. The bill will then go into conference, and a struggle will ensue between the two houses. If the senate does this, and it is now considered its most probable action, a deadlock may be created that will prevent any action in favor of Cuba at this session.

Power of Speaker Is Broken. After their victory it is not probable the republican insurgents and their democratic allies will yield. They have won by a substantial majority after a long and bitter contest, and the power of the speaker and his organization having once been broken, it is considered quite improbable that the recalcitrants can be whipped into line at a later stage of the battle.

There is great rejoicing among many republican members of the house over the defeat of Speaker Henderson and his lieutenants. It is well known that a considerable part of the opposition to Cuban reciprocity was not so much friendliness to beet sugar as dissatisfaction with the ruling clique of the house. The speaker and his aids are said to have bungled the Cuban business from first to last.

Next Week in Congress. The Philippine civil government bill and the sundry civil appropriation bill will divide the whole of the time in the senate next week. It is now calculated that a vote on the Philippine bill will be taken the first week in May unless the discussion is greatly delayed by the appropriation bills.

Next week in the house much business of importance will be considered. The oleomargarine bill comes up again, the question being on agreeing to the senate amendments to the bill. If any time is left the measure admitting Oklahoma, Arizona and New Mexico to statehood will be taken up.

## CASSON COMING HOME

To Attend Congressional Convention Next Week—Mr. Babcock May Not Be Able to Come.

Washington, D. C., April 19.—Col. Henry Casson, sergeant-at-arms of the house, left for Wisconsin today to attend the third congressional district republican convention, which meets at Lancaster next Thursday. Representative Babcock is still confined to his house with erysipelas of the face and may not be able to go home for the convention.

## PHILLIPS IS UP AGAIN

"Corn King" Settles with Creditors, and Will Go Back Into the Brokerage Business.

Chicago, Ill., April 19.—George H. Phillips of corn king fame is to go into business again. He effected a settlement with all his creditors but one today. He will retain his old office in the Blatto building and clear all his trades through the firm of Irwin, Green & Co.

## SPARKS FROM THE WIRES.

Rome, April 19.—The recent injury of King Emmanuel's knee, which was sustained while hunting, is resulting in serious complications on account of the scrofulous condition of his blood. The injury may leave the King lame for life.

Hon Kong, April 19.—Nanking, one of the largest cities in Kwang Si province, is reported taken by the rebels, who have been besieging the place several days.

Mrs. Mark Honeysett is home from a visit with friends at Delafield, Wis.

## WILHELMINA HAS TYPHOID FEVER

Her Condition This Morning Was Satisfactory, and the Physicians Have Become Less Anxious.

The Hague, April 18.—An official bulletin was issued this morning from Castle Loo stating that Queen Wilhelmina passed a fairly quiet night. Her fever, which continues, is now officially admitted to be typhoid.

The condition of the royal patient is said to be satisfactory, and her majesty's physicians are said to be less anxious, as it is believed that the malady will not assume the ordinary malignant character. Queen Wilhelmina is visited by her doctors three times a day. She is supposed to have contracted her illness as the result of a chill.

Among the cable messages received at the palace today inquiring about the queen's progress was one from President Roosevelt.

## EFFORT TO RELIEVE THE CHEESE MEN

Commissioner Rice Has Been to Washington, to Force a Cut Upon Freight Rates.

Madison, Wis., April 19.—The interstate commerce commission has assured State Railroad Commissioner G. L. Rice that it stands ready to take up the matter of alleged freight discrimination between shippers of southern Wisconsin and Northern Illinois as soon as formal complaint is made.

This was the statement made by the railroad commissioner, who returned yesterday from Washington, where he went a week ago to consult the commission regarding the matter. The railroad commissioner says that he will continue his efforts to get an amicable readjustment of the rates, but this failing he will assist the complainants, the cheese shippers of southern Wisconsin to lay their grievances before the interstate commission.

Mr. Rice, however, has not abandoned hope of reaching an amicable agreement with the railroads. If the interstate commission takes a hand in the matter Mr. Rice says it will probably come to Madison and hold a thorough investigation. As an instance of the alleged discrimination the Southern Wisconsin Cheese Dealers' association claims that the rate on cheese from Clarno, a southern Wisconsin point, to Chicago is 33 cents per hundred, while that from Orangeville, a northern Illinois point five or six miles from Clarno, is only 24 cents.

Mr. Rice says that Congressman Cooper has promised to assist in securing an equitable rate for the cheese dealers. The complainants are residents of his district.

## KNOX LOSES IN DEBATE AT BELOIT

The Fifteenth Amendment to the Constitution Discussed in the Annual Contest.

Beloit, Wis., April 19.—The sixth annual debate of Beloit college and Knox college at Galesburg, Ill., came off at the opera house in this city last night, Beloit being victorious after having suffered two successive defeats. The question was, "Resolved, That the adoption of the fifteenth amendment to the Constitution of the United States has not been justified."

Beloit had the affirmative. Beloit speakers were Henry D. Smith, Herbert Whitlock, Oscar E. Maurer. Knox's were Ray M. Arnold, George Beecher and Fred E. Ewing. The judges were Dr. W. D. MacKenzie of Chicago Professor J. H. Gray of Evanston, Ill., and Judge M. C. Sears of Chicago. Dr. MacKenzie decided for the negative.

The affirmative maintained that the fifteenth amendment was being willfully violated throughout the south and was not and never was popular throughout the country and that the negro would have made better progress under the fourteenth amendment. The negative gave statistics and read testimony showing the marvelous development on the part of the southern negro due to the amendment.

Success to M. Siplagins. St. Petersburg, April 19.—Senator von Plehwe, secretary of state for Finland, has been appointed minister of the interior, succeeding the late M. Siplagins, who was assassinated April 15.

Friday's National League Results. At Cincinnati—Chicago, 5; Cincinnati, 2.

At Philadelphia—Philadelphia, 9; New York, 2.

At Brooklyn—Brooklyn, 10; Boston, 4.

Removes Duty on Meat. Madrid, April 19.—The government, to prevent discontent because of dear meat, will temporarily suspend the import duties on cattle and meat.

American Bankers Invade England. London, April 19.—The International Banking Company of the United States will shortly begin operations here with an office at Bishopsgate station.

Sting Two in Louisiana. Donaldsonville, La., April 19.—Ellis Washington and Phil Wallace were hanged here for the murder of Leo Gelspar.

Sheriff Royal J. Maltress departed on the morning train for Edgerton.

## PACKERS CORNER MEAT MARKET

The Greatest Price Raising Combine the World Ever Experienced.

## ALL FOOD SUPPLY

Prices Continue to Soar Upward in Every Line of Meat and Produce.

## FORCE THE SCARCITY

Chicago, April 19.—The prices of beef, mutton and pork advanced from eight to eight and a quarter cents today. Dealers believe that the crest has been reached. In the district populated by the poorer classes, the retailers assert, entire families have gone without for days, being compelled to subsist on vegetables and cereal foods.

Chicago, Ill., April 19.—The packing firms of Armour, Swift, Hammond, Nelson Morris, and S. & S. are charged with working hand in hand in one of the greatest price-raising combines the world ever experienced. Cold storage warehouses, controlled by these companies, are being unloaded of supplies they have held for a year or more. These food stuffs are going, too, at prices that were not even known in war times.

So strong is the combination's control of the field that the middleman—the wholesaler and retailer—can find nothing else to buy. He must take the refrigerated stuff or nothing.

## Every Branch of Food Supply

"The combination can reach out to every branch of the food supply," said one of these dealers. "The combined capacity of the big refrigerating plants controlled by this pool is far beyond what is needed for carrying for meats. Provisions of all kinds can be gobbled up, stored here, and held until a corner can be practically effected, and then unloaded at any price desired. It was this method that was behind the egg market some weeks ago. Butter, eggs, and poultry already are affected, and vegetables and fruits are being drawn in."

## Prices Go Still Higher

Prices continued to soar during the day. In every line of meat and produce the price was forced upward. Wholesalers and retailers contend that they must sell meat almost at a loss in order to hold their customers.

Behind the alleged conspiracy of packers are said to be the railroads. The transportation lines in the pool are said to perform the jugglery which is made the basis of the claim that stock and other supplies are "scarce." This is the one argument the packers advance for the leaps in prices. The railroads, it is said, see to it that only certain numbers of cattle and live stock and certain amounts of produce reach the slaughter pens the storage houses, and the markets each day. With the supply thus controlled the packers point to the receipts in attempting to prop up their claims of "scarcity."

How Forced Scarcity Works. "Fancy" cattle sold during the day at as high as \$7.45 a hundred pounds on the hoof.

"That means the equivalent of \$11.50 a hundred pounds dressed," said a wholesale butcher, "and at that price you must count in heads and hoofs. Such prices haven't been paid in a generation. It's almost a record-breaker."

"The farmer is the man who gets all the profit. He's the real trust in this thing," said the manager of one of the big packing concerns. "We've got to pay those prices because of the scarcity of cattle."

Pork struck the record. Hogs brought as high as \$7.35 a hundred pounds on the hoof. This represented a price of \$10.25 a hundred pounds for the dressed animal.

Prosperity an Argument. Mutton was on a similar level, with dealers predicting an increase of \$1 a hundred pounds within a week.

Butter was quoted at 30 cents a pound in carload lots, it being held that the market price must be set at 33 cents to make a profit. A year ago the price was just 10 cents less a pound.

In the face of all this, the packers blame the drought of last year and the high price of corn. They make prosperity an argument, saying that every man can now find work and that everyone is buying meat. Hence there has been an increased demand that cannot be met.

## Larger Pension for Gen. Spurling

Chicago, April 19.—Through the efforts of Judge Tuthill and Congressman Boutell, Gen. Andrew B. Spurling will receive a pension of \$50 a month. Judge Tuthill received this telegram from Mr. Boutell: "President Roosevelt signed Gen. Spurling's bill, giving him \$50 a month." He had been drawing \$12 a month.

## No Tax on Raw Copper

Berlin, April 19.—At the session of the tariff committee of the reichstag the imperial secretary of state for the interior Count von Posadowsky-Wehner, announced that the government, under no circumstances would agree to tax raw copper, concerning which petitions were now reaching him.

## PLANS FOR THE OLYMPIC GAMES

Hope To Make Affair the Greatest Athletic Event Ever Held.

## GIVE ALL DETAILS

Whole World Expected to Take Part in Contests in Chicago in 1904.

## OLYMPIAN CONGRESS

Plans for the international Olympic games for 1904 were told at a banquet last night in Chicago to the Press club by the officials of the great contest. Each particular branch of the display of physical prowess in which the whole world is expected to take part was described by the man who will have it in charge.

Definite plans are not in the minds of the organizers and promoters, but the general outlook was painted in glowing colors. If the programme is carried out as outlined the spectacle in the immense lake front stadium, will startle the world of athletics by its grandeur.

## Special Historic Scenes

In addition to the contests the history of the Grecian games, a representation of the historic scenes and special recesses will take up every moment of this international meet during September and October, 1904.

It was announced that the government of the United States and many other nations had expressed a willingness to take part and help the show financially.

Henry J. Furber, Jr., president of the international Olympic games association, responded to the toast: "Plans and Scope of the International Olympic Games of 1904."

## Outlines the Show's Plans

He outlined the features of the exhibition under the following heads: World's championships in all sorts of out and in door sports of international character. Exhibitions of sports peculiar to the various nations represented. Historical displays, spectacular in nature, illuminations and pyrotechnical displays.

Military competitions and drills of all branches of the service, which it is hoped will result in a re-organization of the national guard.

An exhibition of sporting apparatus and equipment, including dogs, horses and games in addition to inanimate objects.

An Olympic congress in which all other features will culminate, composed of experts in all lines.

## President James Enthusiastic

President Edmund J. James of the Northwestern university then talked of the relations of the universities to the Olympic contests. He said that such a show would be impossible without the universities and predicted that within twenty-five years Europeans will be coming to America to study instead of Americans going to Europe and that such international contests would hasten this state of affairs.

## COL. VILAS SAYS HE WOULD NOT ACCEPT

Definitely Settles Rumors as to His Election as President of the State University.

Madison, Wis., April 19.—It has been reported that at the meeting of the committee of the board of regents of the University of Wisconsin to select a president, which will be held in Milwaukee this afternoon, former Senator William F. Vilas would be selected. Many of the alumni have desired Colonel Vilas to accept the place, but he has invariably said that it was impossible. The new report came so straight that it was believed the senator might have changed his mind. It is found, however, that he is of the same mind as heretofore. When called up today he said:

"There is absolutely not a grain of truth in it. I would not accept the presidency of the University under any circumstances." This effectively ends the talk of Colonel Vilas as president, and the news will be a disappointment to many. It is not known who will be chosen.

## RATHBONE BOND IS ACCEPTED

Surety Company Permitted to Qualify by Cuban Authorities.

Havana, April 19.—At a late hour Friday the audiencia court accepted the bond of \$100,000 offered by a fidelity company for the appearance of Estes G. Rathbone. The court requires, however, that this bond be drawn before a notary. This involves much time and expense, as the notary's fees and a state tax must be paid.

Rathbone's attorneys insist that the habeas corpus proceedings be continued and claim that the bond should be drawn before the court, as is customary, without further delay or further expense. In the habeas corpus petition Rathbone's attorneys declare the court's delay illegal and intimate that the court may be impeached for such action.

George Tallman will leave this evening for Ashland on a business trip.

## WILL ENFORCE BLUE LAWS IN BOSTON

The Police Have Orders to Close Up Everything in the Hub City Tomorrow.

Boston, April 19.—If the orders of the police are carried out Boston will be held tightly in the clutches of the old blue laws tomorrow. No candy, soda or fruit will be allowed to be sold. There will be no Sunday shaving in the hotels, no bakery can remain open after ten and meats cooked or raw cannot be sold. Drug stores are expected to close and Chinese laundries will be forced to refuse to deliver clean shirts. Such a drastic measure has not prevailed here for thirty years, but orders have been issued and it is said the laws will be enforced. The motive behind the enforcement is believed to be an effort to force the legislature to repeal the ancient laws.

## ROYAL ARCANUM TO MEET APRIL 30

Grand Council of Wisconsin Will Hold Semi-Annual Convention in Milwaukee—The Present Officers

Milwaukee, Wis., April 19.—Headquarters have been engaged at the Republican House for the semi-annual meeting of the Grand Council, Royal Arcanum, State of Wisconsin, which convenes April 30. There will be present representatives from forty-six councils, besides grand officers, past grand regents and a number of visitors.

The sessions will be held in the Republican house convention hall and will be two in number, it being the intention to finish in one day. The Royal Arcanum now numbers 4,000 in Wisconsin and 235,000 in the United States. The officers and committees of the council are as follows:

Grand Regent—H. P. Morse, Wauwatosa. Grand Vice Regent—Paul T. Kraz, Sheboygan. Past Grand Regent—W. H. Chilson, Appleton.

Grand Orator—C. M. Boyles, Wausau. Grand Secretary—C. D. Simonds, Milwaukee. Grand Treasurer—D. E. Cameron, Milwaukee.

Grand Chaplain—P. A. James, Brandon. Grand Golden—Fred Gibson, Hudson. Grand Warden—H. W. Johnson, Monroe.

Grand Scribe—Burt E. Deyo, Eau Claire. Grand Trustee—L. G. Schiller, Green Bay. W. G. Oliver, Oconto; F. C. Arnold, Oshkosh. State Medical Examiner—O. W. Carlson, Milwaukee.

Supreme Representatives—Judge E. B. Belton, Racine; E. A. Dow, Plymouth. Alternate Representatives—S. A. Eckstein, Milwaukee; W. H. Chilson, Appleton.

Committee on Laws and Supervision—Mr. Archer, Milwaukee; J. M. Clifford, Madison; W. E. Snyder, Beaver Dam.

Committee on Finance—J. C. Post, Milwaukee; J. E. Lebeson, Green Bay; J. K. Balcum, Kenosha.

Committee on Council Work and Extension of the Order—S. A. Eckstein, Milwaukee; S. C. Burnham, Janesville; M. T. Moore, La Crosse.

Grand Secretary C. D. Simonds of Milwaukee has sent out all the notices and made all other necessary arrangements.

## AGE LIMIT FOR EMPLOYING MEN

Rule That Engineers and Trainmen Over 36 Years of Age Should Not Be Employed.

Chicago, April 19.—Regarding the report from Bloomington that the Chicago and Alton had adopted a rule not to employ men over 35 years of age, General Superintendent Bartlett says no such rule regarding the employment of men has been adopted lately. There has been a rule in effect for years, and the same rule prevails on every railroad system, that locomotive engineers and trainmen over 36 years of age should not be employed. This refers to no other class of employees.

The company finds it necessary to make that restriction, as it is of the utmost importance that only young men who are in possession of perfect sight and hearing should be in charge of trains. When a man gets over 36 years his eyesight and hearing is liable to become affected, and through the employment of such men the lives of the passengers are endangered. This does not prevent men from securing employment in other branches of the service.

## TELEGRAPHIC BREVITIES.

The reported engagement of Jasper Oglesby of Elkhart and Miss Stella Lawrence of Springfield, Ill., is denied by the latter's sister.

The cholera epidemic is unabated in the Philippines. The totals for Manila are 332 cases and 253 deaths; for the province, 651 cases and 430 deaths.

At Carbondale, Ill., in the Hadfield murder trial Lew Shadovens testified that he and not the defendant fired the shot that killed James Jourdan.

Fire destroyed the building occupied by the Depot Carriage and Baggage company in Kansas City, causing from \$40,000 to \$50,000 loss, fully insured. Forty-six horses perished.

Gov. Cummins of Iowa offered a reward of \$1,200 for the murderers of the Peterson children in Des Moines a week ago, and will increase the amount if the guilty men are not soon found.

Mrs. Vezin, wife of Hermann Vezin, an American actor and teacher of elocution, jumped out of her bedroom window at Margate, London, and died a few hours later. Her mind had been impaired since the death of her daughter.

Alfred Slater, manager of the Wisconsin Telephone exchange, was in Brodhead today on business.

## MAKE PLEA FOR MORE LIBRARIES

Wisconsin's Commission Wants More Money for Traveling System.

## BENEFIT IS GREAT

Free Rural Library Stations Are a Boon to the Farming People.

## STUDY OF THE STATE

Milwaukee, April 19.—The Wisconsin Free Library commission has just set forth the need for additional money for more free traveling libraries. Though the state has now circulating in different sections 320 of these libraries, the commission says there is an urgent need of 800 more. In support of this claim it is said there are over 1,000,000 people living on farms and in unincorporated villages who have no access to libraries of any kind, and it is to these that the commission wishes to send new libraries.

No one, it is said, can appreciate the readers' pleasure who has not been out among the people where no books are to be obtained and witnessed the avidity with which they receive a library and the care which they take of it.

The commission is turning down applications for these libraries every day simply because it cannot supply them. It takes only \$50 to purchase a library and make it ready for circulation.

## Study of the State

A map of the free library stations in Wisconsin is an interesting study. Curiously enough the dots representing the stations are thickest in some of the counties which are the most sparsely settled. This is due to the fact that it was a recognition of the desire of his neighbors for good reading that started Senator James H. Stout of Menominee to providing the traveling library. He was followed by the late J. D. Witter of Grand Rapids and Joseph Dessert of Mosinee.

Therefore the dots in Dunn, Wood and Lincoln counties are sprinkled liberally in those parts of the state. Marathon county shows a liberal supply, as does the region around the foot of Lake Winnebago, and the lower corner of Marinette county. The older settled portions of the state have very few.

This is in part due to the fact that there are more incorporated towns where libraries are to be found. Still there are large portions even of this section of the state which greatly need assistance.

It was long ago proved that the traveling library was one of the best educational institutions that has been discovered. The selections are made with judgment and it is found that the traveling library station means a decided rise in the intelligence of the community in which it is placed.

## Places for Stations

All sorts of places are used for stations—stores, postoffices and homes of farmers. The task of librarian is willingly undertaken.

The free library commission keeps a careful record of the libraries, their condition before and after each trip, and the number of times the books are taken, together with the preferences of the various communities. The records of the Joseph Dessert libraries show that in three years the books of the twelve libraries were drawn 5,465 times, an average circulation for each library of 705.

As it is a moderate estimate to say that each book was read by two persons each time it was drawn, the 600 volumes were read 16,930 times. In other words that number of people were made happy by an outlay of \$600. In addition to this, as the commission notes, the books are not only read, but talked over again and again and oftentimes change the whole current of thought in those isolated communities.

It is the aim of the commission to as rapidly as possible cover the state with traveling libraries, and the members dream of the day when no community in the state, however small will be without a library.

## Queen Wilhelmina Doing Well

The Hague, April 19.—An official bulletin issued from Castle Loo, states that Queen Wilhelmina passed a fairly quiet night. Her fever continues. The alarming fever which complicated the queen's condition is now officially admitted to be typhoid.

## Boy Falls Fifty-four Feet

St. Joseph, Mich., April 19.—Willie Nichols, 9 years old, fell from a viaduct fifty-four feet high. With the exception of a number of bruises the boy was not greatly injured and the physicians say he will recover soon.

## Sells Hocking Valley Mines

Columbus, O., April 19.—The Continental Coal Company of this city has purchased from W. P. Read & Co., of Chicago, their large Hocking Valley interests, including six mines, with an annual output of a million tons.

## New Pastor for Ashland

Milford, Mass., April 19.—Rev. Francis G. Williams, rector of Trinity church, announced his acceptance of the call of St. Andrew's Episcopal church at Ashland, Wis. He will take charge there on May 15.

## PUBLIC INSPECTS ST. MARY'S CHURCH

Great Crowd Thronged the New Building Last Night to Hear a Lecture and See a Bazaar.

Last evening the new St. Mary's church was thrown open for inspection by the public, the event being the beginning of a fair and bazaar to be held one week. A special program had been arranged for the evening, the principal feature of which was a lecture by Rev. Vaughn on Shakespeare.

During the evening the church sang several selections and Rev. W. A. Goebel, pastor of the church gave a brief review of the work of starting the new church and the different stages of construction up to the present.

After the close of the remarks by the pastor, Mayor Richardson was introduced and in a pleasing manner told of the work of those whose efforts were instrumental in the building of the church. The mayor spoke of the advancement of our city and its prosperity, citing the new church as an evidence of the city's growth and prosperity. He compared the present city with that of thirty years ago, when he became interested in its welfare.

A ladies' double quartette rendered two selections after which Father Vaughn, the principal speaker of the evening and was warmly greeted by the large audience present.

Father Vaughn is a most interesting and eloquent speaker and handled the works of Shakespeare in a manner that was a revelation to the most ardent student of that great author. With his magic touch new beauties were made to come forth from lines that had been dull to the ordinary mind. Father Vaughn has an easy manner of delivery and never allows the keen interest to lag for a moment.

## BUYING MOVEMENT GOES ON STEADILY

The buying movement is steadily progressing in most of the growing sections where there is considerable riding being done. A good portion of the tobacco now being lifted is assorted, for which some fair prices are paid for selections. At the present rate of buying several thousand cases are being taken out of the growers' hands each week and fast reducing the unsold portions of the crop.

The deliveries to the American Cigar Co. have been large in this market several days of the week. The warehouses at most of the packing points are still handling bundles of tobacco and have work in sight for some weeks yet.

The market for cured leaf continues remarkably quiet both at home and in the eastern centers. The transactions are mainly to manufacturers in small lots. The growers are now busy laying their plant beds but the weather is much too dry and cold to give the new sowing a quick start.

The shipments out of storage do not exceed 500 cases, 10 car loads, from this station to all points for the week past. Since last report 2,250 cases of cigar leaf were exported from New York.—Edgerton Reporter.

The Revival Meetings at Court Street M. E. church last night was opened by a spirited song service led by F. H. Nott. Prayer was offered by Rev. James Churn of First church. This was followed by a solo by Miss Cora Anderson which was rendered in an effective manner.

Dr. E. J. Baskerville spoke from the theme: "Why All Things Work Together for good." What is it to love God? If a man loves his country he will not violate the law. If he is a good citizen he will not seek to destroy the law in any particular.

A man cannot be a good citizen who does not love God and his fellow-men. A man who is comfortable in his sin is in danger of eternal death. All who keep the commandments and do the will of God are safe.

To love God may not insure material prosperity. But the people who love God are not the people in want or distress. When a man becomes a Christian he gives up tramping. A tramp the moment he becomes a friend of God gives up tramping and goes to work.

We may not be always in perfect health if we love God. The disease of the body is in almost all instances superinduced and we are responsible for the sufferings.

What does it mean to love God? Character is the biggest thing in the world. A person who loves God and keeps his commandments is the great man. We must conquer sin or be conquered by sin. Sin destroys the finest qualities of a man's nature. Conformity to the love of God will make all conserve the ends in this life and the next.

Just Studyin'. During one of his tours through the South, Sam Jones, the revivalist, saw a colored man who had been to him for spiritual advice sitting in a desolate attitude in his melon patch. Addressing him the minister said: "What is the matter today, Isaac?"

# Calumet Baking Powder

Perfect in quality.  
Moderate in price.

"I see studyin' 'bout somethin', Mister Jones," was the answer. "I want to be converted and tell the good Lord that I see sorry for my sins."

"Why don't you do so then?" "But if I do that the Lord, he say, 'What you come here fer sayin' that ter me when you ain't ferfeg Sam for stealin' that watermelon?'"

"Why don't you forgive Sam?" said Mr. Jones. "Sam ain't repented, and he's comin' fer me tonight, ef I don't watch out. I forgiv him, the one he done out," said Isaac, "but I can't forgiv him what he's gwine ter take so I'm jest studyin'."—Atlanta Constitution.

### Republican Club

The meeting of the Republican Club of the university last night was characterized by an unusual amount of interest and enthusiasm. Over four hundred students attended, a number almost twice as large as that of last year's attendance. If the interest manifested at the meeting last night is repeated next fall when the campaign begins, we may expect to find the students of the university a prominent part in state politics.—Daily Cardinal.

The seven wonders of the United States are Niagara Falls, Caverns of Lundy, Garden of the Gods, Yosemite Valley, Natural Bridge, Big Trees of California and Dr. Crane's Quaker Tonic Tablets, the greatest kidney, liver and stomach cure. All drug stores. Fifty cents.

## UNSKILLED LABOR IN GREAT DEMAND

Railroads and Manufacturing Plants and Farms Will Require an Extra Supply This Season.

Labor, that is unskilled labor, will not be a drug on the market this season, and the opinion is that it will be scarce and high. Skilled labor will by no means be a drug, as shops and factories of all kinds are running overtime and crying for help, but in the unskilled field it will be particularly scarce.

The railroads of the country are beginning a line of improvements that will cost from \$100,000,000 to \$150,000,000, which will call for a very large number of laborers, and the big crop states are already casting about for labor in the harvest fields. On the basis of three crops of last year, a good wheat and a poor corn crop, Kansas estimates that she will have to import 20,000 men and other western states are in proportion, making the granger states asking for nearly 150,000 men.

If the wheat crops are light, as is now expected, this estimate will be cut down a little, but not in proportion to the decreased production, only in proportion to the decreased acreage.

The contractors for the Milwaukee road on the LaCrosse division want 1,500 men, and on the northern division, the Superior, and in other parts of the states and northern Michigan, as many more are wanted. The greater part of this demand is in the South and the Southwest, but the Middle-West is also looking for many men.

### A CARD.

We, the undersigned, do hereby agree to refund the money on a 50 cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

J. P. Baker, Geo. E. King & Co.,  
J. S. Baumgartner, Smith's Pharmacy,  
People's Drug Co., H. E. Rogers & Co.,  
Janesville, Wis.

### SMILES.

No more the childish jingle wins  
Our souls from musings sad;  
The Meat Trust owns the little lamb  
That gentle Mary had.  
—Washington Star.

"The refrain," we said to our neighbor at the vaudeville performance, while the popular ballad was being rendered, "is prettier than the verse." "Yes," he agreed, "I wish he would refrain altogether."—Baltimore American.

A little colloquy between two darky baggage smashers at the station just as the train was leaving Summerville, N. C., amused a Northern tourist. One was struggling with a trunk which seemed to be pretty heavy. "I feels kinder mean dis mawning," said he as he gave the big trunk a hitch. "Yo' shuhly can't feel any meaner dan yo' is," tenderly replied his associate.

Father (who has caught Patrick stealing)—I thought you knew better than to commit theft. You know how the law punishes people for small offenses?" Patrick—"How about you, father, when you stole mother's heart? You never got punished for that."

Father—"I got a very severe punishment, my son, I got penal servitude for life, and am doing it now."—Tit Bits.

"No matter what you may say," declared Representative Babcock of Wisconsin to Chairman Payne of the ways and means committee, when discussing the Babcock proposition to put all steel products on the free list, "I am right, and I know it, and when a man is right he is in the majority."

"Just so," replied Payne, "but you remember that Tom Reed used to say 'God and one make a majority, but many a martyr has been burned at the stake while the votes were being counted.'"—Leslie's Weekly.

Funeral of John J. Daly. The remains of the late John J. Daly, who died in Minneapolis on Thursday arrived in the city this morning at 10:30 o'clock, and were taken to St. Patrick's church where the services were held at 11:30. The interment was at Mount Olivet cemetery. Louis J. Daly of Chicago, a brother of the deceased and C. Connors of Chicago, accompanied the remains to this city.

## MILWAUKEE ROAD IS IN A DILEMMA

Goodnow's Successor Has Not Yet Been Chosen—H. B. Earling Seems To Have Best Chance.

Among the railroad men there is an opinion that the high officials of the Milwaukee road may go outside of the ranks of their own men for a successor to C. A. Goodnow as general superintendent. It is pointed out that they are taking a long time to select a successor and that President Earling has repeatedly said that while he desires to advance his own men as much as possible he would not hesitate to select an outsider if the best interests of the service were served by so doing.

Many, however, do not believe that this view of what may be done is well taken. They believe that the delay is due to the officers taking time to select the entire state, that is, the men who will succeed C. A. Cosgrave, resigned as assistant general superintendent, and the man they believe will be promoted, D. L. Bush of Milwaukee.

There will be two assistant general superintendents to be appointed and superintendents and their assistants to be advanced if the higher places are filled by promotion. H. B. Earling is spoken of as the most likely among the superintendents to receive promotion. He is a brother of the president and a man with an excellent record.

## REWARD GIVEN FOR FAITHFUL SERVICE

Parker Pen Co. Puts Into Practice a System to Reward the Employees of the Concern.

That the Parker Pen Co. appreciates the faithful service of its employees was shown yesterday afternoon, when the firm announced, that hereafter faithful and continual service on the part of its employees would be rewarded. As a starter on this new system Frank Golsen and Arthur Kohler, who have been employed by the company for five years were each given a check for \$50 with the compliments of the company. Mable Brown, Alice Howard and Mable Brown, who have been in the employ of the company for three years were given \$15 each.

The company has decided that as a reward for meritorious service it will hereafter present to any employee who has been with them for five years, \$50, ten years, \$100 and twenty years, \$200. The Parker Pen Co. is the first firm in this city that has put a system of reward for meritorious service on the part of its employees in operation. It is a first-class idea and will be an incentive for better work and faithful service.

### For Sale.

Desirable cottage in attractive location at Harvard Camp, Lake Geneva. Very reasonable terms. Address E. F. Price, 344 Marshallfield Ave., Chicago, Illinois.

### Not True.

The LaFollette press through the state assisted by the democratic organs persist in the statements that Hon. John M. Whitehead is to be withdrawn as a candidate for the nomination for governor.

We are in a position to positively assert that the statement is absolutely without foundation. There is not now and never has been any intention on the part of Mr. Whitehead's friends to abandon his cause.

We take pleasure in stating that Mr. Whitehead will be a candidate before the republican convention for the nomination for governor and that he will be loyally supported by all the elements, that united to call him into the race.

And we firmly believe that he will win. When a man's record in public and private life is so clean cut, honest and straight forward that the only thing his opponents can say against him is, that he believes in temperance in Christianity and all it implies; in observance of law, and is the pioneer in cause of tax reform,—the most needed of all proposed reforms—one need not fear the slings and arrows of conscience, for according him hearty support.

Hon. John M. Whitehead is a candidate for the office of governor and will so remain until action is taken by the Republican state convention.—Iowa Co. Republic.

### Advertising for Business.

The real reason for advertising is that the business man desires more business. He is interested in getting that business in the best way possible. He is anxious to use newspaper space—circulars or billboards in order to give his business the volume to which he thinks he is entitled. It may be he is mistaken in his estimate of the importance of what he is doing. It may be he is mistaken about the way in which he goes about accomplishing it. But if the plan is right and his execution right he will win on merits. If the plan is defective and the execution perfect he will have a given amount of success as the result. The best returns come from carefully thought out methods and carefully executed plans. The intelligent business man studies hard to get the best combination in order to insure the best results.

The man who keeps his business constantly before the people is the man who will get abundant returns, when others are wondering what has become of the prosperity for which they had hoped.—Advertising World.

We sat at the table together.  
She cast a sly glance over at me.  
She certainly looked like an angel.  
Oh Charles, please order me Rocky Mountain Tea.  
Smith's Pharmacy

Dr. R. W. Edden has filed his bond and qualified as health officer of the city of Janesville.

### Hurt at Corner-Stone Laying.

St. Louis, April 19.—Miss Laura Heapes was fatally injured and Jesse L. Boogher, president of the Boogher, Force & Goodbar Hat company, seriously hurt by the sudden fall of a heavy derrick at the ceremony of corner-stone laying at the new Cabanne Methodist Episcopal Church.

### Regent for Holland.

The Hague, April 19.—There is an increasing belief in political circles in Holland that the serious illness of Queen Wilhelmina—now officially announced to be typhoid fever—will compel the appointment of a regent and of the convocation of the State's General for the purpose.

### Boers to Vote on British Offer.

London, April 19.—The burghers of the Transvaal and the Orange Free State will vote on the terms of peace offered by Great Britain. The plebiscite will require three weeks' time. This announcement was made in the house of commons by A. J. Balfour, the government leader.

### Lieut. Gov. Stone Is Worse.

Watertown, Wis., April 19.—Lieutenant Governor Jesse Stone passed a bad night and was so weak that the attending physicians have given up hope of his recovery. The doctors stated that it was merely a matter of time when his vitality would give out and death ensue.

### Fire Destroys Chain Works.

Trenton, N. J., April 19.—Fire destroyed the Woodhouse Chain works. Loss, estimated, \$50,000; partially insured. The plant employed 200 men and was operated independently of the combination.

## PAINE'S CELERY COMPOUND

Permanently Cures All The Varied Forms of Rheumatism.

It Purifies the Blood and Removes Every Trace of Poisonous Acid.

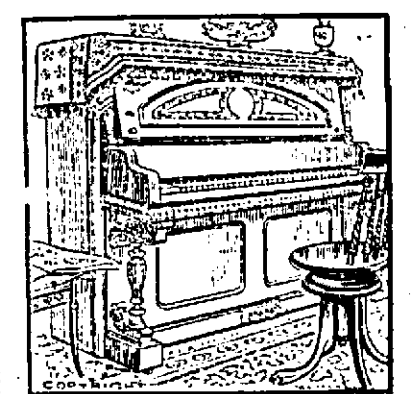

The Great Medicine has Cured More Rheumatic Sufferers Than All Other Combined Remedies

Sufferers from the varied forms of rheumatism—articular, muscular, inflammatory, lumbago, and gout, should bear in mind that there is a morbid principle in the blood when rheumatism is present. This morbid principle is uric acid, which circulates with the blood and acts upon the joints and muscles, causing the pains and agonies of rheumatism. Paine's Celery Compound is the only scientific remedy for the permanent banishment of every form of rheumatism. If your joints are painful; if the knees, wrists, elbows or ankles are swollen, a few bottles of Paine's Celery Compound will soon remove all of your aches and pains. If you have inflammatory or sciatic rheumatism accompanied with fever, acute, darting pains in the sciatic nerve from the hip down the leg, Paine's Celery Compound taken at once will soon drive out the disease, and make you strong and active.

At this particular time when rheumatism frequently lays the foundation for other incurable and grave troubles, we specially urge the honest use of at least one bottle of Dr. Paine's Life-giving medicine, Paine's Celery Compound. No case is too complicated or difficult for this king of medicines. Thousands of happy and grateful men and women sing its praises and continually recommend it. It is the only medicine that can rescue people from agony and death after physicians pronounce the incurable. Mrs. Louisa Rix, Wesley, Iowa, says:—

"Some time ago my husband was taken down with inflammatory rheumatism, so that he was unable to get out of bed alone or to dress himself. We employed good doctors and used many kinds of medicines, but with no relief. We finally sent out for a bottle of Paine's Celery Compound, and before he had finished it, he was able to be at work. Another bottle entirely cured him."

Save Money by dyeing your faded garments with Diamond Dyes. 10 cents.

## PIANO PERFECTION

may not be in evidence until the next century, but something very much akin to it may be found today at H. F. Nott's. The modern Pianos to be seen on our floors are really marvels of music-producing instruments. Even if your pocket-book isn't marked by plethora, you can afford to buy of us on account of our easy-payment plan.

## RUN DOWN.

When a phrase is coined out of world wide human experience it is apt to be brief and expressive. We are "run-down" we say in the endeavor to describe a relaxed physical condition, and all the terminology of medicine could not more expressively describe the actual condition than that every day phrase. It suggests the clock, perfect mechanically, but failing to record the passage of time because it is run-down.

People who have that tired out, run-down feeling will find new life in the use of Doctor Pierce's Golden Medical Discovery. This great medicine is far more than a tonic. It cures diseases of the organs of digestion and nutrition, and enables the perfect digestion and assimilation of food of which alone all physical strength is made. "The reason I delayed writing was because I wanted to wait one year after I had taken the medicine before giving my statement, and now I can send a good, conscientious testimonial," writes Mr. Chas. H. Sergeant, of Plain City, Madison Co., Ohio. "During the summer and fall of '96 I became all 'run-down,' nerves were out of order and stomach out of order. I wrote to Dr. Pierce for advice. He said I had general debility, and advised Dr. Pierce's Golden Medical Discovery, and thanks to you for your advice, I used six bottles; and since I stopped taking it about one year ago, I have not taken any medicine of any kind, and have been able to work every day. My appetite is good, I can eat three square meals a day, and I do not feel that miserable burning in the stomach after eating. My blood and nerves are in good shape, and well-in fact, I think I am in pretty good running order."

Dr. Pierce's Pleasant Pellets keep the bowels active and healthy.

## THE GREATEST POWER.

Two young men were standing on a street corner in New York the other day, discussing the amount of money represented in the construction of the new skyscraper across the street. It was a beautiful marble structure, towering skyward 400 feet. One of the boys said:

"I tell you Tom, that building cost a heap of money," and Tom said, "You bet it did, and I'll tell you what's a fact, John, there's no power on earth like money," to which John readily consented.

Half way down the block, a companion building separated by a twelve foot alley, was just being completed, and as the boys glanced up, they noticed a painter, with swing attached to the cornice, unconscious of the dizzy height, busily engaged in work. The boys stopped to watch him for a moment and then their attention was attracted to a little white dress and the figure of a child that seemed to be sleeping on the narrow ledge, of the first building, on the level of an open window in the upper story. Others stopped to look and soon the street was full of people gazing skyward.

The painter noticed the crowd and wondered why he was attracting so much attention. He was beyond the reach of voice, but the gestures of the people caused him to look across at the other building, and his heart stood still when his eye caught sight of the little child, sleeping so quietly on the ledge near the corner opposite. If he could reach her in some way before she awakened, he might save her. Pulling himself up till he reached the cornice, and glancing at the ladder near by to see if it would span the distance, he picked it up and holding the bottom with firm grip let the top fall out, till in a moment it caught the opposite ledge, and then while the great crowd below watched his every movement, he climbed out on the slender bridge and carefully worked his way across.

When the opposite ledge was reached, he crawled along to the corner and in a moment grasped the little girl and held her safe. The mother, the wife of the janitor, came to the window. The little girl had just been missed, and as the painter restored her to the mother's arms, a great shout went up from the crowd below in honor of one of God's everyday heroes.

The boys went on down the street and Tom said, "John, I'd rather be that painter than the owner of that block. He has the kind of power that you can't buy with money."

The object lesson was startling, and very impressive, and the boys will never forget it. The fact remains, however, that money is the shrine, where a great multitude of people worship. That money and wealth are powerful, is a self-evident truth, and that the power attained is used for both good and evil, is equally apparent.

The great enterprises that contribute to civilization and development, would be unknown, but for the power of money. The land is redeemed and populated in proportion to the money invested.

Railroads cross the continent and the ocean becomes a familiar highway when money is freely expended. The great industries of the age are developed and fostered by great blocks of money freely contributed.

Vice is made attractive and aluring by the liberal expenditure of money. The gilded saloon, and the richly furnished brothel, are evidence of the fact that money is never lacking.

While it is true that money is so powerful, it is also true that money in itself is as helpless, as anything else that is inanimate. The gold that for centuries has been hid away in the gulches and caverns, is as helpless as the boulders on the mountain side, until science and muscle uncover the hidden treasure and yet it is no less powerful than the coin or note that bears the government stamp, before the hand and brain inspires it with life and activity.

The great sources of power are so intangible, that they are not always recognized and money is credited with a great deal of influence, that should be shared with unseen forces.

The electric current applied in so many practical ways today and representing vast outlays of money, would still be dormant as an energy, but for the great minds that discovered and developed it.

The overland coach is succeeded by the overland express, and the ocean liner distances the sailing craft, because a human brain discovered the power of steam and human minds utilized it.

The voice travels a thousand miles over a slender wire in an instant of time, and thought flashes along the bed of oceans, making all the world akin, because back of these great utilities were minds that delved for the mysteries and captured and utilized the secrets, that for centuries

had been guarded as closely as the precious metals.

Money erects monuments and humanity criticizes the work. We curse the telephone girl because the wires are crossed and the line don't work, forgetting that twenty years ago this great convenience was unknown. The Pullman train is too slow and the accommodations inferior for a generation whose forefathers were content with the ox team and democrat wagon. The modern equipment represents lavish expenditure, that is so common place, that but little interest is excited.

Under these conditions it is not at all surprising that the great power back of all development, is almost entirely overlooked.

The young man standing on the threshold of active life, and noting the evidence of power that wealth produces, very naturally concludes that money is the power that he most needs, and so he is fired with an ambition to make money. The ambition is laudable, and should be encouraged, but failure follows more frequently than success, because in the outlook, he failed to recognize the fact that money in itself is powerless.

Money makes money for itself, and for those who handle it, only when directed by intelligent mind, and wisely directed energy. The mind is the power that controls, and disappointment frequently follows investment, because judgment is weak and resources of the mind depleted.

The human mind, and vitalized energies, are the great powers back of inanimate wealth, just the same as steam and electricity are the unseen but vital forces that move the world's machinery. The inanimate is always helpless in itself.

While it is not possible for every mind to grasp and capture the sources of power, because all are not equally endowed, it is possible for the average mind to make wonderful strides in this direction if controlled by a purpose and governed by indomitable will.

The prizes of life are missed and lost, not through lack of inanimate forces, but through lack of power to apply them. Opportunities come to every life, but they do not tarry, or wait for a second bidding.

What is true of the mind as a reservoir of power, is true of the heart, in a larger sense, and this sacred source of secret power is more evenly distributed.

The youthful mind requires the training of the school room for development, and the more mature mind receives instructions in the broader school of experience. In spite of these advantages, results are frequently disappointing. One man forges to the front, while a dozen others are content to plod along in the ranks many of them close to the rear.

In the realm of the heart, honors are more evenly measured and the life is poor indeed, where the wealth of the heart is not recognized. The home may be lowly and the environments unattractive, but the heart endowment is never lacking. It may be neglected until the Divine spark is hidden away in the rubbish, but it is there ready to sparkle with brilliancy when the rubbish is removed. The violet that smiles at the sunlight in the morning dew, belongs to the same great family as the lily in the conservatory, both alike precious to the great heart of the Creator. He has neither pet flowers nor pet children.

When the painter swung out from his dizzy height to save the little child that he never had seen before, the spirit of the Master prompted the deed, and a human heart was ready to sacrifice life if necessary.

The great heart of humanity is the most wonderful source of power in existence to day. While it is accomplishing much, its power will be increased many fold when personal responsibility is more fully realized.

## THE MAYOR'S MESSAGE.

Mayor Richardson makes a recommendation in his message that should be adopted, and that is in regard to city accounting. He should have gone a step further and suggested a city comptroller.

The city is spending from \$80,000 to \$100,000 every year of the peoples' money, through their representatives in the council. If this money or any portion of it was invested in private enterprises a balance sheet would be demanded every month, and the most careful investigation would follow, but the city is satisfied with a financial statement once a year, and so far as this statement is concerned it might just as well be disposed of in two items. Received so much money and spent it.

This laxity is no fault of the city Treasurer but it is the fault of the system employed in auditing accounts. If the burlesque can be called a system. An item of \$50 mixed in with a labor account, appeared on a recent tally sheet. It was supposed to represent the expense of a committee to Chicago to buy a little batch of hose that any business man could have ordered by mail, after securing satisfactory prices by competitive bids. This is one item of a long list that occurs during the year. Every bill of what ever nature should be referred to a comptroller and audited as carefully as though the money to be paid was the property of an individual. The city is at fault for permitting loose methods that have prevailed for years. In handling public funds and a reform should be established as Mayor Richardson suggests.

The Tomah Herald has just celebrated its sixteenth birthday. Under the management of its present proprietor, G. F. Grassie, it is one of the brightest weekly papers in the state. With new equipment, and a new building, the Herald has an air of prosperity. May it continue to sow good seed and reap the shekels.

The Milwaukee Journal has no candidate for governor, and unless some man can be made to order, to meet the requirements of the man who knows it all, the paper is likely to be a political orphan for some time to come. A great deal of wisdom emanates from the Journal office. It is authority on both wings of both parties, to say nothing of personal liberty, and socialism. The state will not be discouraged and will proceed to elect a governor by the name of Whitehead, in due time.

People who are clamoring for Senator Spooner to declare himself as a candidate for reelection, and as to his attitude on state politics, are wasting their energies. Senator Spooner like the late President McKinley, will succeed himself by popular demand. He is with the conservative wing of the party in the state, because he has always been an advocate of conservative republicanism.

The LaFollette press is attempting to prove that politics did not enter into the election of officers for the university students Republican Club. The resolutions endorsing Spooner and conservative republicanism, might be called religious, as it was a pious resolution, but the chances that more politics than piety entered into it.

**Tomorrow is the Lord's Day.**  
Nothing peculiar about it because it occurs 52 times a year.

It is just like any other day in many respects, except that it is a rest day.

The discovery has been made that man and beast do better work when they rest on Sunday.

People who believe, in churches usually devote a part of the day to church attendance, unless it rains.

The church is a synagogue where people assemble to worship.

It is an old time custom, established in the early centuries, and observed to greater or less extent ever since.

The custom is sometimes neglected, through carelessness or indifference. These conditions are deplorable in any community.

Janesville is well supplied with church buildings and the doors are always open to all comers, while a cordial welcome greets the stranger.

Attend church tomorrow. If you have no other place to go, drop in at Court Street and enjoy an old fashioned revival service.

## PRESS COMMENT.

Racine Journal: It is perhaps a singular thing the governor's supporters should feel so good over the election of a Democratic mayor of Milwaukee. Why?

Whitewater Register: John M. Whitehead will be the candidate for governor. All reports from anonymous sources to the contrary notwithstanding.

Delavan Republican: It will be noticed that although there is lots of talk going on about politics, Senator Whitehead says nothing. When he was called on by petition of thousands of his fellow citizens to allow the use of his name as a candidate, he signified his willingness, and since then has quietly rested his case with the people.

Amos Wilder is afraid that Senator Spooner is going to announce his candidacy for the senate without paying a "tribute to a hard and honest fighter for popular reforms," and Amos is undoubtedly right if he means that if Spooner will not have a grain of taffy for the governor. Spooner does not believe in LaFollette or LaFolletteism, as represented in his Stevens bill, or his talk about "God's patient poor" and other Bryanisms.—Columbus Republic.

Whitewater Gazette: The Free Press recently concluded to retire Whitehead from the field as a candidate for governor. As the Free Press has not been a supporter of the Janesville senator it seems a little unusual to do so, but the Free Press does unusual things. But strangest of all they did it in the name of the Republican League which has seemed to favor the candidacy of Mr. Whitehead and which is still supporting him. Men who are recognized as leaders among the stalwarts say that Mr. Whitehead is in the race to stay and while the matter of candidates will be left to the delegates at the convention the sentiment in favor of Whitehead was never stronger than now.

|---|--|
| They come in vici kid and patent leather and are a most durable shoe, for all kinds of weather. | They come in kid and patent leather and are sold by some dealers at \$4.00 |
|---|--|

## KING & COWLES, "GLASS FRONT SHOE STORE"

## PRICES ON MEATS ADVANCED 2 CENTS

Janesville Butchers Keep Pace with the Advance in Prices All Over Country.

If the rise in the price of meat continues much longer poor people and some well-to-do ones will go without it. The poorer classes are giving up eating meat altogether and using less expensive food and the well-to-do people are cutting the size of their orders in half.

So far Janesville has not suffered as much as some of the larger cities. The price on all meats has been advanced about two cents per pound so that today the careful housekeeper is paying the following prices:

| Janesville             | Milwaukee |
|------------------------|-----------|
| Porterhouse steak..... | 18c       |
| Steak.....             | 16c       |
| Roast beef.....        | 14c       |
| Roast mutton.....      | 12c       |
| Pork chops.....        | 10c       |
| Roast veal.....        | 14c       |
| Mutton chops.....      | 12c       |
| Hams sliced.....       | 20c       |
| Hams straight.....     | 15c       |
| Bacon.....             | 18c       |

Everybody is complaining. Heads of households see the meat bills running up in size until they fear that the family diet will have to be considerably modified. Retail dealers do not like the status of the situation because of a constant string of complaints from patrons.

Their profits are no larger under the reign of high prices than before, and they are in fact suffering from the decrease in consumption. Cafe, restaurant and hotel keepers are seeing profits vanish every time a meat order is served, and are considering an advance in the bill of fare prices.

The leading local retail meat dealers, while deploring the high prices, do not blame the packers, but believe scarcity in the supply is the cause. They have all advanced their prices in keeping with the cost to them from the packers. One well known West side dealer said:

"Prices have been gradually advancing for the last year. The people never take into consideration that while we get good prices for the best of the meat, there is a large portion that is sold below cost. In order to keep even they must get better prices and the advance is caused by scarcity of cattle alone. The farmer and not the packer is reaping the benefit. If the cattle were in the country they would be shipped to market. It is true the packers have advanced prices, but that is necessary to protect them from loss. Thirty-five percent is lost in dressing beef, and the by-products pay only the expense of salting."

## BEGIN WORK ON SOUTH JACKSON ST.

Contractors Brown and Connors have already begun work on the improvement of South Jackson street. The ditches for the cement curbing between Pleasant and Center streets are about completed so that the curbing can be put in next week. Field Bros. have the contract for putting in the cement curbing.

The contractors intend letting the curbing work be week in advance of the macadam and grading so there will be no interference between the two crews, and they will not have to wait for the curbing to be finished before putting on the crushed stone.

## HANDSOME ONYX FOUNTAIN

McCue & Buss Will Be Soda Water Headquarters

Second to none is the handsome and costly soda fountain installed by the South Main street drug firm of McCue & Buss. The fountain is constructed of beautiful mottled onyx and is supplied with the very latest sanitary syrup tanks, being constructed of porcelain. The trimmings are of silver. The top is offset by a large mirror 7 feet in length by four feet in height. This mirror is incased in a golden oak frame. McCue & Buss last season enjoyed the soda water trade of the city and this season there is no doubt but what their business in this special line will be equally as prosperous.

## Stop Grading on Electric Road.

The grading on the line of the Beloit, Delavan Lake and Janesville interurban line was brought to a standstill today by the tracks of the Northwestern railroad near the Choate-Hollister factory being blocked with freight cars, to prevent the grading being carried any further. The contract between the Northwestern railroad and the interurban line has not yet been signed, and to stop the interurban line from crossing until it is, the cars were placed on the tracks where the interurban line wishes to cross.

## Parker Pen Co.'s Gifts

The names of the ladies and gentlemen employed by the Parker Pen Co., that received the benefit of the company's plan for continual and meritorious service were: Frank P. Gosselin, \$50; Arthur Kohler, \$50; Maud Howard, Mamie Brown, Elva Knox and Mamie Garvin, \$15 each. The plan outlined by the company as a reward for continuous and meritorious service is: Five years, \$50; ten years, \$100; fifteen years, \$150; and twenty years, \$200. Girls: three years, \$15; five years, \$35; ten years, \$50, and fifteen years \$100.

## UP TO NOW

We have not been able to keep enough of the popular white mercerized waists in stock to advertise them. But we now show 25 pieces of broadened and striped effects and all linen white mercerized canvas. They are real gems. J. M. BOSTWICK & SONS.

Supt. of Schools David Throne, of Afton and Prof. Eddy of Beloit, are in town today, conferring with Supt. Ross of this city in regard to the teachers' institute to be held at the High school in this city for three weeks, beginning July 14th.

## NEWS OF THE CITY

Band dance tonight.

Big line of vegetables. Grubb.

Big line of cigars. Grubb.

Big line home baking. Grubb.

Band dance. Assembly hall.

For Sale—Early Sunrise seed potatoes. August Lutz.

Band dance, A-assembly hall, tonight. Tickets 25 cents. Ladies free.

The Janesville High school team played ball at Delavan today.

Smyrna rugs, Brussels rugs, velvet rugs, axminster rugs and art squares all sizes, cheapest at T. P. Burns.

The Philomathean club met with Mrs. A. C. Jenkins at her home on Milton avenue this afternoon.

People are fast learning that they can obtain better values on all grades of carpets here than elsewhere. T. P. Burns.

Special bargain sales at Bort, Bailey & Co.'s store are being well attended these days. Another sale on Monday.

The Physical Culture classes of Mrs. J. B. Day, are preparing a unique entertainment, to be given at the Opera House, in May.

The primary department of the Presbyterian Sunday school held a social in the church parlors this afternoon.

Klimes will be presented by home talent next Tuesday, Wednesday and Thursday evenings at the Myers Grand.

Next Monday will be another bargain day at Bort, Bailey & Co.'s store. Full line of 25 cent handkerchiefs at 19 cents each.

You can't afford to miss seeing the Klimes entertainment at the Myers Grand next Tuesday, Wednesday and Thursday evenings.

We handle linoleum four yards wide, that will cover an ordinary room without having a seam in the center. T. P. Burns.

Our special sale of 25 cent handkerchiefs at 19 cents each will continue all day Monday. This is bargain day. Bort, Bailey & Co.

With the price of seats within the reach of all there is every indication that the Klimes entertainment next week will be attended by crowded houses.

John Stittgen, formerly clerk at the Myers but now manager of a hotel at Weyauwega, Wis., and Miss Nellie C. Bishop, will be married at Fond du Lac next Wednesday evening.

Bort, Bailey & Co. have another bargain day next Monday and handkerchief buyers will do well to attend. Their 25 cent line of handkerchiefs go at 19 cents.

Rev. Kvale of Orfordville, will preach at the Norwegian Lutheran church tomorrow morning. Services begin at 10:30 o'clock. All are invited to attend.

The mason work on the basement of the Bicknell Hardware Co.'s new warehouse, is finished, and most of the heavy timbers for the basement are in place.

The meeting of the Women's Union Label League held last evening was well attended. The evening was devoted to talks and musical numbers and those in attendance passed a pleasant evening.

Mr. Knox, electrical engineer of the Interurban railway, is doing the banding of the rails that have been laid in this city. The rails are being double banded, making it almost impossible for any part of the electricity to escape.

A fair sized audience witnessed the production of The Village Postmaster at the Myers Grand last evening. The company were well suited to their parts and gave a pleasing performance. The scenery was first-class and well adapted to a play of this character.

Prof. Speedy, who has charge of Klimes at the Myers Grand next week is one of the best known home talent directors in the business. His hard work here during the past month has demonstrated that he well understands how to place a pleasing performance on the stage.

The base ball team of the University of Wisconsin were in town for an hour this forenoon. They were on their way to Beloit, where they play the Beloit college team this afternoon. Several went down from this city to witness the game. There would have been more go down if the weather had been warmer.

The sidewalk on North Franklin street near the public drinking fountain has been worn out by people driving up to the watering trough with their horses from the sidewalk side. It is now a regular mud hole and a great inconvenience to pedestrians.

The 5th anniversary of the Independent Order of Odd Fellows will be held at Assembly hall on Friday evening, April 25. There will be a story musical and literary program an address by Wm. Geo. Thwaites of Milwaukee; to conclude with a dance. Music by Smith's orchestra. Admission 25 cents.

The new Public Buildings Committee of the city council, consisting of Aldermen Lowell, Gilkey, McLean, Kothman and Mills, met at the council chambers this forenoon to familiarize themselves with the important work in the hands of that committee, principally the new city hall and public library.

Deputy Game Warden Peter Drafiel was at Second lake, near Stoughton Sunday and arrested two men who were hunting and had five mallards in their possession. Drafiel arrested the men and Monday they pleaded guilty to the charge at Madison and paid their fines. Drafiel brought two of the ducks to this city and sold them to William McVicar, who is having them mounted.

Miss Maggie McGrandle, through her attorneys Fisher and Oestreich, yesterday served a notice of personal injury on City Clerk Badger. She alleges she fell from a bridge over the Mole culvert near the intersection of Ashland avenue and Washington street on the evening of April 8, and received serious injuries.

The Northwestern has put a new freight run in operation through this city. The freight starts from Fond du Lac and goes through to Belvidere without change of crews. It is due here from Fond du Lac at 7:30 a. m. and goes back at 7 p. m.

## NARROW ESCAPE FROM DROWNING

Two Boys Out on the River on a Hunting Trip, Turned Over the Boat.

Two boys, George Caldwell and Clarence Bullock, seventeen and eighteen years of age, residing with their parents on South Main street, had a narrow escape from drowning this morning by the overturning of a boat in which they were hunting.

The two boys started out this morning in a boat for a hunting trip on the river between the Jackson street bridge and Monterey. They had a gun with them and in some way about 9:30 o'clock while west of the Jackson street bridge, in attempting to fire at something, turned the boat over and were thrown into the water.

In their scramble to get back into the boat the gun was lost in the river. They succeeded in getting hold of the boat, but their combined weight together with the water in it caused it to sink, but gave them support enough to keep their heads above the water.

They called loudly for help and attracted the attention of some persons on the shore, who ran to A. W. Bailey's home and sent in a hurry up call for the patrol wagon. Patrick Story, a boy about sixteen years of age, was up the river a short distance from them in a row boat and heard their cries. He immediately went to their rescue and by careful work succeeded in getting them into the boat and carrying them ashore.

Chauncey Millmore, who happened to be passing took them in his buggy and carried them home. Outside of being considerably chilled and badly frightened by their ducking they were all right. The gun belonged to Bullock and cost about \$18.

The patrol wagon made a quick trip but the boys were on their way home before it arrived.

## RAIN YESTERDAY WAS A GOOD THING

Seems to Have Been General in This Section of the State—Ground is Well Soaked.

The rain storm that prevailed in this city much of the time yesterday seems to have been somewhat general in the southern part of this state and northern Illinois. Traveling men from those sections make these reports. Rain began early yesterday morning in the southwest part of the state, along the Mineral Point division of the Milwaukee road and continued all day. Other sections report a gentle rain, all of which soaked into the ground.

The good effects of the rain are already seen, the lawns and parks looking as bright and fresh as a new necktie on St. Patrick's day.

The farmers report that considerable good was done on meadows and pastures and the plow land is in a better condition to work. Some fields that could not be plowed a few days ago are now in fine condition.

Tobacco plants that were slow in peeping through the seed beds are now coming on in good shape and already show the good effects of the rain.

A SPECIAL MASS MEETING FOR MEN

Evangelist Baskerville Will Speak at the Y. M. C. A. Hall Tomorrow Afternoon

Evangelist E. J. Baskerville will speak at the Y. M. C. A. building from 3 to 4 tomorrow afternoon. Every man is welcome an urged to be present. Subject: "The Secrets of Men's Lives." The large auditorium will be used. Mr. Baskerville is a fine speaker and the men of Janesville are urged to bring their friends and spend this hour profitably. The Bower City Male quartette will sing and other good singing and instrumental music is prepared. The auditorium will seat 600 comfortably and it should be filled.

Manicuring 25 Cents.

The Misses Knippenberg, room 429 Hayes block; phone 618-2.

Funeral of Mrs. Dooley

The funeral of the late Mrs. Stephen Dooley, who died in the town of Porter, Thursday was held at St. Patrick's church this morning.

Rev. Jas. E. Harlan of Edgerton conducting the services. The church was filled with sorrowing friends from Porter and this city and the floral offerings were numerous and of exquisite design. The funeral cortege to Mount Olivet cemetery was very large, containing many teams from the north part of the county. The pall bearers were N. A. Pound, Thos. Byrson, John Collins, Wm. Barrett, Thos. Ford and George Nicholson.

ALBION.

Albion, April 18.—School will begin again Monday at the District school.

Miss Maggie Neff, of Cambridge, visited relatives and friends the latter part of last week.

The Academy boys are daily practicing base ball, preparatory to meeting EMERALD GROVE.

Emerald Grove, April 18.—Miss Mabel Armstrong is visiting her aunt Mrs. C. D. Fitch.

Mr. Bert Clark was a caller in town on Monday this week.

Rev. Herbert and Rev. Huey, will exchange pulpits next Sabbath morning.

Mr. Walter Killams, of Richmond, visited Emerald Grove relatives last Sunday.

Mr. Wm. Dean has completed the repairing on his house and is now an occupant of it.

Little Jennie Lorenze, who was seriously hurt by a dog, is improving at present.

Mr. Wm. Dean was in Chicago this week with a load of stock.

Jags on the gridiron with the neighboring teams.

## NEWS OF A PERSONAL NATURE

Mrs. John Whans is in Milwaukee on a visit.

H. S. Heggard of Orfordville was in town today.

J. D. Brownell returned last evening from Watertown.

Wm. H. Rose transacted business in Brodhead today.

I. Rosenblatt, of Beloit, was in the city yesterday.

District Attorney W. A. Jackson left for Chicago on the morning train.

Dr. H. B. Anderson left on the morning train for his home in Orfordville.

L. C. O'Brien is down from Cartwright, Wis., where he has a large farm.

Miss Racine Bostwick is confined to her home by a serious attack of the grip.

F. W. Coon, editor of the Wisconsin Tobacco Reporter, was in the city today.

City Hall Contractor James Rowson arrived here yesterday from Iowa City, Iowa.

Miss Ora Smith of Oak Lawn is entertaining Miss Olive Moses of Beloit, or a few days.

Mrs. J. D. Brownell returned today from Chicago where she has been the past ten days.

Mrs. F. Joyce-Kennedy returned to Monticello today after a pleasant week's visit with her parents, Mr. and Mrs. T. C. Joyce of East Ave.

Miss Anna Brown, of New York City, who has been visiting her sister, Mrs. J. L. Fletcher, leaves tomorrow for a two months' visit with her parents in Long Beach, Cal.

## GUILTY OF SELLING JUNK TO MINORS

Abraham Benes, a Second Hand Dealer, Up in Municipal Court Today, Was Fined.

Abraham Benes, the South River street junk dealer, was before the municipal court this morning on a complaint made out by Chief Hogan, charging him with buying junk from minors under the age of eighteen without the consent of their parents.

The state law is "that any junk dealer buying any junk except paper and rags, from minors under the age of eighteen without consent of parents, is liable to a fine of not more than \$100 or less than \$1, or imprisonment in the county jail."

The chief came to the conclusion that a great deal of the petty stealing going on among young boys, was caused by the junk dealers buying of them. He warned the dealers not to buy any more goods of the boys, but found that Benes was not obeyed. He found that Benes had bought some junk including the bottom of a copper boiler from Frank Warner, a boy under eighteen on April 17, so made complaint against him.

Benes tried to beg off by saying his girl bought the junk and that he would stop buying from boys if the judge would let him go. Judge Fife thought under the circumstances he having been warned, that he should be punished so fined him \$3 and costs in all \$5.50 which Benes paid. He gave the judge a parting shot by saying: "He supposed the court had to make their expenses off the poor junk dealers." He hustled out of court before the chief could get to him.

## FARMERS BRING IN THEIR TOBACCO

Supply at Warehouses Sufficient to Keep Sorters Working for Several Weeks to Come.

This has been receiving day at the several tobacco warehouses in this city and quite a number of farmers have delivered their crops. The supply of tobacco at the several warehouses is sufficient to keep the sorting rooms in running order for several weeks to come and many of the buyers are still riding and buying.

There is considerable complaint among the warehouse men that they cannot get a sufficient number of sorters to handle the work they have on hand and will have to do before the season finishes. The sorting season, which usually closes about the first of June will probably continue well into the summer in several of our warehouses.

The sorting season began over a month later than usual and this with the shortage of sorters, makes the season later than usual in closing.

Candidates for Trustee.

Urbana, Ill., April 19.—Mrs. Laura B. Evans of this city is a candidate for trustee of the University of Illinois. She has been endorsed by the Republicans of Montgomery and Christian counties. She is living at present in Champaign. W. B. McKinley of this city has the endorsement of this county and most of the district for the same office. Mrs. Carrie of Jacksonville is also a candidate for re-election to the board.

20 Cents

# SUGAR BEET MEN ARE TRIUMPHANT

Cuban Bill Passes the House Without the Differential Clause.

## INSURGENTS JOIN DEMOCRATS

Thirty-four Republican Representatives Vote with the Opposition to the Bill.

Washington, April 19.—Doubtful victory for Cuban reciprocity, smashing defeat of Speaker Henderson and his lieutenants in the house, a hard blow at the New York sugar trust and a sensational, though perhaps temporary, triumph for the beet sugar protectionists.

All this happened in the house of representatives amid scenes of excitement such as have rarely been known in the history of that body.

The Republican speaker was overruled in a Republican house by the combination of thirty-four men of that party with the solid Democratic vote—by long odds the most dramatic political coup seen in congress in many years.

By a vote of 171 to 130 control of the lower branch was wrested from its leaders and the majority party and turned over to the Democratic ultra-protection alliance.

Then by a vote of 199 to 105 the Morris amendment, striking off the sugar trust's differential protection of one-eighth of one cent a pound, was adopted, thus admitting refined and raw sugar for two years at the same rates of duty.

And finally the Cuban 20 per cent reciprocity bill, thus amended, was passed by a vote of 247 to 52.

The bill as passed is practically as follows:

The president is authorized as soon as may be after the establishment of an independent government in Cuba and the enactment by said government of immigration, exclusion and contract labor laws as restrictive as those of the United States, to negotiate a reciprocal trade agreement with Cuba by which, in return for equivalent concessions, the United States will grant a reduction of 20 per cent from the Dingley rates on goods coming into the United States from Cuba, such agreement to continue until December 1, 1903. During the existence of such agreement the duty on refined sugars and all sugars above number 16 Dutch standard is to be 1.25 cents per pound.

### Conditions in Hawaii.

Washington, April 19.—Governor Dole of Hawaii was before the House committee on territories and gave an extended review of conditions on the island. The governor said the franchise might have been properly limited further than to Asiatics. There also was vagueness regarding the provision allowing corporations to hold 1,000 acres. Whether this land was to be held in fee simple or simply by lease or otherwise was not understood by the Hawaiians. Governor Dole said the Chinese and Japanese were so numerous employed in the rice and other industries that an immediate change to white labor would not be practicable.

### Colombia Asks Big Rental.

Washington, April 19.—The Colombian canal protocol, which was delivered at the state department April 1, and afterward recalled by Minister Concha for modification, was again presented to Secretary Hay. The proposal as to price is set out as follows: One year after the exchange of ratification of a treaty the United States shall pay Colombia the lump sum of \$7,000,000. This figure will represent fourteen years' rental at \$500,000 a year. At the end of fourteen years the price which the United States shall pay each year is to be fixed by mutual consent of the two countries.

### Favor Change in Bankruptcy Law.

Washington, April 19.—The House committee on judiciary directed a favorable report on the bill of Chairman Ray amending the bankruptcy law in a number of particulars. One of the most important amendments allows corporations to become voluntary bankrupts, with the proviso that this shall not release the corporation of officers and stockholders from individual liability under the state or federal laws. Numerous changes are made in bankruptcy procedure and methods.

### Not Opposed to Ship Subsidy.

Washington, April 19.—In view of published reports that Speaker Henderson was opposed to the ship subsidy bill, following the opposition of the Iowa senators, it was stated by those aware of the speaker's views that he has expressed no opinion and has reached no conclusion on the subject thus far, preferring to wait until the committee in charge of the measure has formulated action.

### Protest by Chinese Government.

Washington, April 19.—The Chinese government protests against the extension of the provisions of the exclusion act to the Philippines. A communication to this effect, signed by Prince Ching, president of the Chinese board of foreign affairs, forwarded through Minister Conger, was transmitted to the senate by the secretary of state.

### Hopes to Amend Chinese Bill.

Washington, April 19.—In view of the action of the Senate in making the Chinese exclusion substitute an amendment to the House bill, it is expected that the action of the Senate will be

disagreed to in order to send the bill to conference. By this parliamentary procedure the California members feel assured that the ultimate measure of exclusion can be no less than that in the Senate bill, and they hope to secure the acceptance of some of the House provisions in conference.

### Contractors Lose Money.

Washington, April 19.—Heavy losses have been sustained by the contractors who have built or are building sixteen torpedo boat destroyers and nine torpedo boats for the United States. A board, of which Rear Admiral Ramsey, retired, was president, has reported to Secretary Long that the contractors have expended \$2,052,117 more on the boats than they are paid under their contracts. The board states that if to Secretary Long that the contractors lose half their losses is adopted, Congress must appropriate \$1,026,058.96.

### Railroad Fatalities.

Washington, April 19.—The interstate commerce commission has issued a bulletin which shows that during the three months ending on Sept. 30, 1901, there were 230 killed and 2,622 injured in collisions, derailments and miscellaneous train accidents. Other kinds of accidents, including those sustained by employees while at work and by passengers in getting on or off cars, etc., increase the total number to 725 killed and 10,487 injured.

### Sons of the Revolution.

Washington, April 19.—The Sons of the Revolution held their business meeting in the banquet hall of the Manor house at Mount Vernon, this being the first time in its history that the house has been thrown open for the gathering of a public organization.

### Washington Notes.

Washington, April 19.—It is stated that former Congressman Ben T. Cable has decided to accept the chairmanship of the new Democratic congressional campaign committee.

Miss Alice Roosevelt will be the mistress of the White House for several days while Mrs. Roosevelt is in New York.

Count Cassini, the Russian ambassador, emphatically denied that any political significance was to be attached to the assassination by a Russian student of M. Siplagunne, a Russian minister of the interior.

At the cabinet meeting the president heartily approved of the understanding reached with the president-elect of Cuba to continue the 2-cent rate of postage between the two countries and also in relation to the money order service.

The joint special committee of congress on the exercises of the late President McKinley adopted a resolution giving the thanks of congress to Secretary Hay for his oration. Representative Champ Clark of Missouri stated that he might determine to make a minority report. He said Mr. Hay's oration was a literary gem, but there was a thread of politics running through it.

### New Havana Loan.

Havana, April 19.—The municipal council have decided to issue a new loan of \$28,000,000 for the purpose of redeeming the first and second mortgage bonds of the city, to take up the floating debt and to provide money for the payment of the city sewer and paving contracts. The specifications of the loan say that any offer less than 90 will not be considered and that the bonds shall not pay more than 5 per cent interest.

### Earthquake Lowers Sea Level.

St. Petersburg, April 19.—The recent earthquake at Shomakha, in which thousands of persons were killed, has had a curious effect on the level of the Black Sea and the Caspian. Ridges of rock have appeared at points where the chart formerly marked fathoms of water. As a result of this the harbor of Krasnovodsk, from which the Central Asia railway starts, has been rendered unapproachable by large vessels.

### Major Prudden Is Dead.

Washington, April 19.—Major Octavius L. Prudden, one of the assistant secretaries to the president, died at Garfield hospital from an affection of the heart. He was well known to public men throughout the United States and had occupied a confidential position at the White House for a long number of years. He was about 60 years of age.

### Woman Inherits \$25,000.

Waukegan, Ill., April 19.—Mrs. Samuel Lanyon has received word from her former home in England that she has inherited \$25,000 by the death of her brother, P. N. Brown, one of England's leading iron merchants, who died in Bradford, England, April 30, 1901, leaving a large estate. Mrs. Lanyon was his only sister. Another brother is still living in England.

### Cylinder Head Blows Out.

Chicago, April 19.—The head of a cylinder of a high speed engine in the power-house at Sixty-fourth street and Wentworth avenue blew out and tore a hole twenty feet in circumference in the roof. The shock of the explosion was sufficient to shake surrounding houses, and several men were knocked off their feet.

### Reject Universal Suffrage.

Brussels, April 19.—The chamber of representatives, by 34 to 64 votes, rejected the proposal to revise the Belgian constitution so as to provide for universal suffrage.

### Earthquake in Mexico.

City of Mexico, April 19.—A severe earthquake shock was felt here at 7:50 Friday evening. Its duration was one minute and a half, the longest experienced in years.

### Hamilton Captures Boers.

Klerksdorp, Transvaal Colony, April 19.—Gen. Ian Hamilton in a further drive has captured sixty-four Boers.

 CATTLE—21¢ 10c per lb.  
 HOGS—21¢ 10c per lb.  
 SHEEP—20¢ 10c per lb.

Eau Claire Leader: The various reports which have filled the state newspapers of late regarding the retirement of Senator Whitehead are utterly without foundation. Of course great latitude is taken by the press in a country where every editor considers himself the Atlas of the nation, but how they ever managed to get up such a series of willful misrepresentations regarding the candidature of Senator Whitehead passes our comprehension. Some of the stories circulated are only surpassed by the Smollett's three black crows.

Longshoremen Want More Pay. Ashland, Wis., April 19.—The longshoremen of Ashland, Dubuth, West Superior, Washburn and Bayfield will demand 60 cents an hour, an advance of 10 cents. They say that much less lumber will be shipped this season and that they must even up.

## BUSINESS GOOD IN ALL LINES

Retail and Jobbing Trade Shows Decided Improvement

## CORN RECEIPTS AND EXPORTS

Arrivals at Interior Points Fall Off 857,500 Bushels, While Atlantic Coast Shipments Show Advance of 384,003 Bushels for the Week.

New York, April 19.—R. G. Dunn & Co.'s weekly review of trade says:

Weather conditions have been potent for good during the past week. Retail distribution was greatly accelerated, which in turn enlarged jobbing trade and brought more pressure on manufacturers for prompt shipment; agricultural work was facilitated and building operations made rapid progress; traffic increased at the interior as the condition of country roads improved, which made collections better. Some labor controversies were settled and others were averted. Complaints are still heard regarding tardy deliveries, but freight is less congested and business has increased to the extent of 6.9 per cent, with larger railway earnings for April than last year and 16.3 per cent over 1900.

Quotations of iron and steel cannot yet be considered inflated; the market is following natural course despite the efforts of leading interests to maintain a conservative position. Supply and demand must in the long run govern prices, and in this industry, needs are greater than available stocks, although productive capacity has largely expanded.

Cotton goods have not followed the fluctuations in the raw material, although its strength has contributed to the steadiness of the finished product. The feature of the week was the increased inquiry for export, and mills entering to this trade are sold far into the autumn. In the domestic trade many bids slightly below ruling prices were not considered, and it is evident that supplies are in strong hands. Deliveries are being made more promptly, yet there is no fear of accumulation.

Woolen goods are in less urgent demand, purchasers having secured most of the cloth which the American company was unable to furnish owing to the strike. Buying of dress goods has decreased and jobbers are beginning to go out with fall lines. Footwear shipments from Boston have decreased, but jobbers are placing orders for fall and the shops are fairly well occupied. Shoe manufacturers are buying leather more freely, holding prices fairly steady, except for hemlock sole, which lost half a cent.

Grain and meats have continued very strong. There was some logical explanation of the advance in corn. Interior receipts falling to 857,500 bushels for the week, while Atlantic exports rose to 384,003 bushels, an unusually large total for recent times, although small by comparison with the corresponding week in preceding years. Wheat was sustained by exports from all ports of 4,455,352 bushels, flour included, against 4,613,591 a

## A Wife Says:

"We have four children. With the first three I suffered almost unbearable pains from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of Mother's Friend before our last child came, which is a strong, fat and healthy boy, doing my housework up to within two hours of birth, and suffered but a few hours pains. This liniment is the grandest remedy ever made."

## Mother's Friend

will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. Mother's Friend equips the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breaths is altogether avoided, and recovery is merely a matter of a few days.

Druggists sell Mother's Friend for \$1 a bottle. The Bradford Regulator Co., Atlanta, Ga. Send for our free illustrated book.

## Kodol Dyspepsia Cure

Digests what you Eat

Dyspeptics cannot regain health and strength by living upon half rations. They must eat plenty of good food and digest it. To enable them to do this they should use something that will help the stomach do its work. Kodol Dyspepsia Cure is such a preparation. It digests what you eat and supplies the substances needed to build up the worn out digestive organs.

Prof. J. Ivison, of Lonaconing, Md., says: "For thirteen years I suffered agony from dyspepsia and neuralgia of the stomach. I tried almost everything and doctors drugged me nearly to death with morphine, but temporary relief was all I could obtain till I was advised to use Kodol Dyspepsia Cure. The first dose gave me relief. I bought my first bottle in March, 1900, and I have not had a single pain since. It has completely cured me. I cannot endorse it too highly."

It can't help but do you good

Prepared by E. C. DeWitt & Co., Chicago. The \$1. bottle contains 2 1/2 times the 50c. size. The favorite household remedy for coughs, colds, croup, bronchitis, grippe, throat and lung troubles is ONE MINUTE Cough Cure. It cures quickly. Above Preparations sold by M'CUE & BUSS

## Told by Pain

If you have pains you should look after them quickly. Pain shows something is wrong. The sharper the pain the more danger there is in delay. There are thousands of women to-day who are bearing awful pain almost continually, rather than tell a physician about the shooting pains in their lower abdomen, about the agony of falling of the womb and the distress of leucorrhoea. They let the months pass and their trouble becomes harder to cure and more distressing. But modest women can secure exemption from the embarrassment of a private examination. When pain tells them of danger they can cure themselves by the use of

## WINE OF CARDUI

In the privacy of their homes. You can be cured without distressing publicity. With these facts before you there is no reason for the delay which is increasing your misery and wasting the days of your life. Why not stop the pain today?

I have used one bottle of Wine of Cardui and one package of Theiford's Black-Draught. Before I began to take your medicines I had pains in my back, hips, lower bowels and my arms. Sometimes I thought I would go blind. My head ached and I was so weak I could hardly walk across the floor. Now I can only feel a little of the pain in my side and I am going to use your medicines until I get cured, for I believe they will certainly cure me. I have been married twelve years and am the mother of seven children. I thank you for your wonderful medicine and what it has done for me.

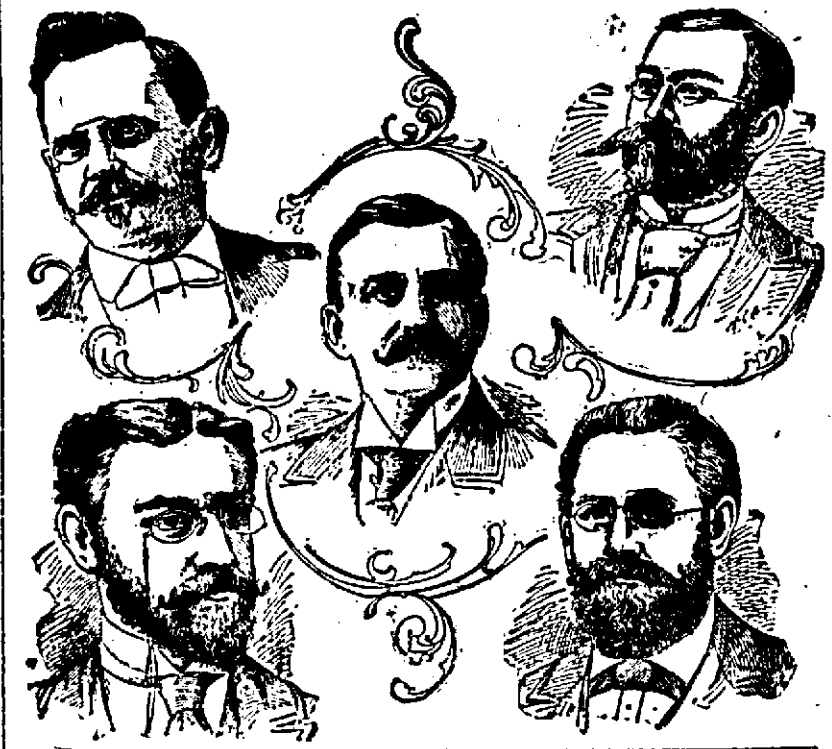

MATILDA SMITH.

For advice and literature, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

## THE TREATMENT THAT CURES.

Another Opportunity for the Afflicted to Secure Treatment from the Physicians of The Illinois State Medical and Surgical Institute.

## Court-Martial at Chicago.

Springfield, Ill., April 19.—A general court-martial is to convene in Chicago Monday evening, April 21, for the trial of such officers as may be legally summoned to appear. Charges have been preferred against an officer in the First Illinois cavalry, but the nature of them, the names of the persons preferring them, and the name of the accused will not be announced before the sitting of the court.

## Death Will Not Affect Coronation.

Madrid, April 19.—The death of Don Francisco d'Assal will not affect the accession festivities. At a council of ministers it was announced that the foreign princes will arrive on May 14 and that a grand reception will be given instead of a ball. The former king's body will be brought to Spain and interred in the Escorial. It will be received at the frontier by the Duke de Sotomayor at Irum.

## Trainmaster Weds.

Elkhart, Ind., April 19.—Arthur Wheaton, trainmaster on the Lake Shore railroad, and a brother of Gen. Lloyd Wheaton, was married at Kenosha, Wis., to his housekeeper, Mrs. Margaret Snyder.

Venezuela Ratifies French Protocol. Caracas, April 19.—Venezuela has ratified the protocol for the renewal of diplomatic relations with France. Charles Wiener, French minister to Uruguay, will be the new minister to Venezuela.

"If you wish to know what smartly dressed men will wear this season, ask us"

## We wish Every Person who

## Has the Care of Boys

from 2 1/2 to 16 years of age could call this week and see the superb assortment of apparel which we have provided for the little fellows

## The Little Suits

were made by manufacturers who have become famous for making the best juvenile garments in the World, and it would be absolutely impossible for us to give detailed descriptions of the variety and beauty of the many novel designs for the very little fellows, 2 1/2 to 8 years old. For the boys 7 to 16 years we have

## SUITS THAT WILL WEAR LIKE IRON

in fact, so tough are the fabrics, and so strongly are they sewn that you may have perfect confidence in allowing the most active boy to play as hard as he chooses, yet there is not a garment that you need be ashamed to see him wearing under almost any circumstances where good clothes are required. For evening wear, dances, receptions, etc, we have the handsomest—

## LITTLE BLACK DRESS SUITS

that have ever been designed; including Three-Piece Suits and the D. B. Two-Piece Suits.

We have besides, everything in the way of Hats and Furnishing Goods, from Collars to Hosiery, that the boys may want. Just in, a large assortment of Mothers' Friend Shirt Waist for Boys.

## T. J. ZIEGLER,

E. J. SMITH, Manager

Corner Main and Milwaukee Sts. Janesville.
